

# La bomba más versátil en la industria.

## CARACTERÍSTICAS:

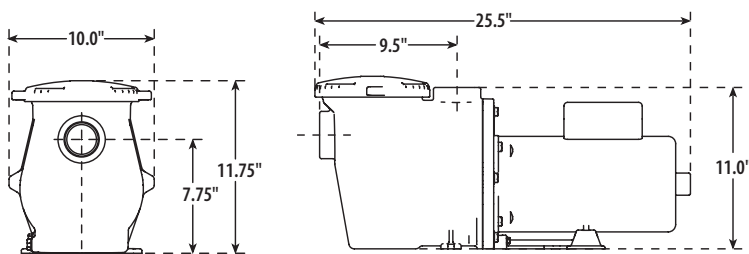

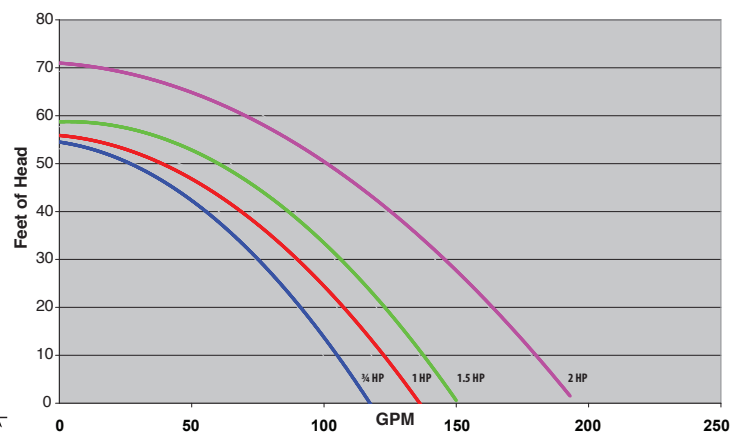

- Uno de los motores más silenciosos en la industria
- Alinea perfectamente como reemplazo de Super Pump® / SuperFlo®
- Conexiones para plomería de 2" incluidas
- Sello de Viton para mayor durabilidad y resistencia a los químicos.

**Tapa con ensamble en 2 partes** para un mejor acceso y mantenimiento.

| Part #   | Description | Volts         | HP  |
|----------|-------------|---------------|-----|
| SMF-107i | 1-Speed     | 115/208-230 V | ¾   |
| SMF-110i | 1-Speed     | 115/208-230 V | 1.0 |
| SMF-115i | 1-Speed     | 115/208-230 V | 1.5 |
| SMF-120i | 1-Speed     | 230 V         | 2.0 |

# SVL56

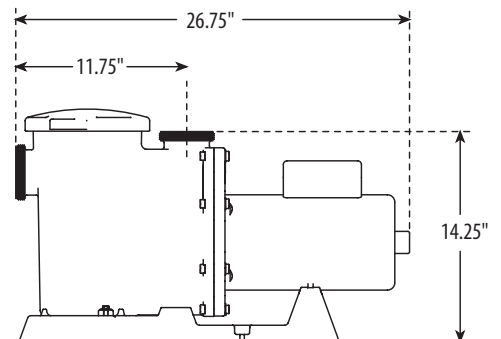

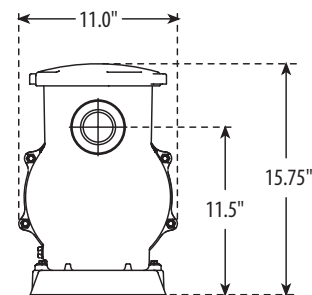

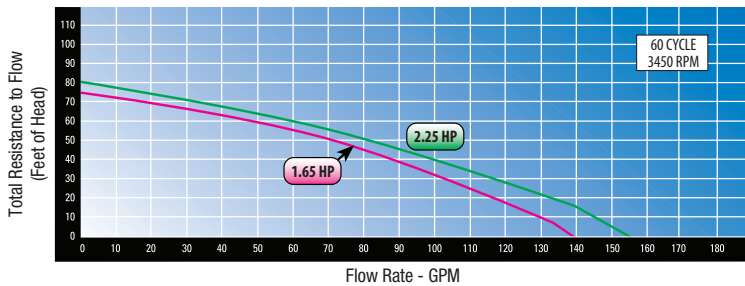

## High Performance In-Ground Pump

### Features:

- 2.5" union plumbing
- Extremely energy efficient high head pump
- Super silent design
- Silicon carbide shaft seals
- Super large strainer basket
- Easy to install and service.

### ENERGY EFFICIENT HEAD PRESSURE VERSES FLOW RATE

| Part #     | Description | Volts     | THP  |
|------------|-------------|-----------|------|
| SVL56-115I | 1-Speed     | 115/230 V | 1.65 |
| SVL56-120I | 1-Speed     | 115/230 V | 2.25 |
